

Criteria Scorecard - 2021

Eligibility Criteria	
Feasibility of planning	<input type="checkbox"/> Planning is realistic; activities set against dates <input type="checkbox"/> Timeline is clear; deliverables set against dates <input type="checkbox"/> Project will begin within six weeks <input type="checkbox"/> Project will not last longer than nine months <input type="checkbox"/> Includes contingency planning
Eligibility of budget	<input type="checkbox"/> Minimum 20% co-funding <input type="checkbox"/> €20.000 maximum requested <input type="checkbox"/> No indirect or overhead costs applied <input type="checkbox"/> Miscellaneous costs no more than 5% overall <input type="checkbox"/> Costs clearly itemized and attributable to activities

Assessment Criteria	Score (0/10)	Explanation
General		
Alignment with the Thematic Headline, “Asymmetric Power & Partnerships” to strengthen Security & Rule of Law policy and/or practice		
Clearly addresses a specific, verifiable & urgent knowledge or capacity gap		
Makes a relevant and useful contribution to SRoL body of knowledge		
Offers deliverables that are accessible and relevant to the wider Platform network, reasonably planned in the given 9 months		
Well-considered and promising knowledge uptake plan to inform SRoL ideas, assumptions, programs or policies		
Clearly defines and convincingly explains the change sought		
Catalytic; project lays the groundwork for and/or commitment to a future trajectory		
Originality of the idea or approach		
General Score	___/80	

Strand-specific Assessment Criteria

Events		
The project identifies a specific audience and justifies why that audience is relevant		
Project provides a clear plan for audience interaction and participation		
Events Score	___/20	
Total Score	___/100	

Research		
Research questions are linked to an assumption underlying SRoL policy or practice that deserves interrogation		
Methodology described is sound, ethical and appropriate for the research question(s) posed.		
Research Score	___/20	
Total Score	___/100	

Innovation		
Clearly shows how the project is pushing a boundary or working 'outside the box'		
Takes a reasonable, experimental risk and demonstrates a clear-eyed understanding of the implications of that risk		
Innovation Score	___/20	
Total Score	___/100	

Notes:
